NEW CITY OFFICERS ARE IN CHARGE

The various newly elected and appointed officials of the city are now at work in their office, and the city hall yesterday presented somewhat of a new appearance, inasmuch as many of those who had been there for the past two years were absent, while new men were in their places.

Every officer of the city is now doing some hard work, inasmuch as it is necessary for each to become familiar with the many duties devolving upon them, and consequently many of them worked until a late hour.

It is expected, however, by these officials that within a week or ten days that they will be thoroughly conversant with their duties and then the work will not be so arduous.

Mayor Bliss has taken possession of his office up stairs, and remained there almost during the entire day yesterday. John Cary Whiting, the new tax collector was also at work, and was being instructed in the work by former collector N. McK. Oerting. B. S. Bernard, the new city clerk, was familiarizing himself with his portion of the work and looking about the office to see if he could improve upon the crowded condition of the small office. Chief Bicker, who succeeded J. Geo. White, Jr., as head of the fire department, was around the city hall during the day, and also paid regular visits to the truck houses.

Within a few days the entire machinery of the city will be moving along smoothly, as all of the new officers will by that time be acquainted with their duties.

RUSSIANS REPULSED

By Associated Press.
Tokio, June 9.—Army headquarters has given out the following:

"A detachment of our forces east of Chenchentsu, dislodged one company of foot and fifty horses of the enemy, holding the hills north of that place at 3 o'clock on the morning of June 7, occupied an eminence east of Chenchentsu and four miles northeast of Chenchentsu.

"At 6 o'clock on the same morning the enemy attempted an attack on Soufaumai, ten miles north of Changtu and on Taotun, five miles north west of Changtu and on Shihku, two miles north of Taotun. All attacks were repulsed."

RUSHING WORK ON CHICAGO SUBWAY

By Associated Press.

Chicago, June 9.—By the last of August the Chicago Subway Company will be handling freight to and from practically all the railroad terminals of Chicago. Work on the bore is being rushed day and night, an added impetus being being by the teamsters' strike.

A remarkable record in tunnel construction has been made in the last two months, more than five miles of underground passages having been finished. The strike began just before this period of unusual activity. In the last two months sixty thousand cubic yards of material have been excavated. The concrete hauled through the tunnels to finish the new workings amounted to 25,000 cubic yards.

The company now has nearly thirty-two miles of bore, interlacing the district bounded by Twelfth and Halsted streets, Chicago avenue and the lake. This is being equipped with trolley wires and laid with heavy rails for the use of the electric road on which the merchandise will be carried forty feet beneath the level of the city's streets.

SMALL FIRE OCCURRED YESTERDAY MORNING.

A small fire occurred yesterday morning on West Intendencia street, when an alarm was sent in summoning the department to the property known as the Wier house on that street. This was Chief Bicker's first call since his election as chief and he handled his men in an excellent manner.

The fire had gained considerable headway when the alarm was sounded, but the department succeeded in extinguishing the flames with the loss of only a few outhouses. In going to the fire the hook and ladder truck collided with a post on Intendencia street, and was slightly damaged. Fireman Touart was in charge of the truck at the time.

D'ALEMBERT APPOINTED AS ASSISTANT CHIEF.

Chief Bicker, who has just assumed charge of his duties as chief of the fire department, has appointed Fireman H. T. D'Alemberte to be his assistant.

Mr. D'Alemberte has served for a number of years in the fire department, and has been captain of his house for some years. The appointment is a temporary one, as the Board of Public Safety will select the assistant chief upon the recommendation of the chief. It is expected however that Chief Bicker will recommend Mr. D'Alemberte as his assistant.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know that this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is a most severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

ALPHONSO'S LAST DAY IN LONDON

BOY KING OF SPAIN PAID VISIT TO THE ZOO--STATE BALL LAST NIGHT.

By Associated Press.

London, June 9.—This was the last day of King Alfonso's stay in London. He leaves here early tomorrow for Spain. His majesty spent this morning in witnessing a drill of the fire brigade, inspecting the national gallery of pictures and in seeing the zoological gardens, where he joined other youthful visitors in feeding the monkeys with nuts and the elephants with biscuits. Subsequently the young king, accompanied by King Edward, went to Windsor. A state ball at Buckingham Palace tonight winds up the programme for King Alfonso's entertainment.

MISUNDERSTANDINGS REGARDING COMMISSION OF T. F. BRITTON AS CUSTODIAN.

There seems to have been a general misunderstanding regarding the time that Thos. F. Britton should assume charge of his duties as custodian of lost lumber and timber. The impression prevailed both in Pensacola and Tallahassee that the term of Jos. Brown would expire on May 17th, and that the commission of Mr. Britton would reach here before that date in order that he might assume charge of his duties.

This, however, does not seem to be the case. Mr. Britton wired to Tallahassee asking when his commission would arrive, but the secretary to the governor did not even know that he had been appointed, and asked for information. This was furnished by wire, and yesterday another wire was received stating that Mr. Britton was not to assume office until June 17.

Mr. Brown, the present custodian, stated some weeks ago that his term of office expired on May 17th, and was positive yesterday afternoon that such was the case. Later when he looked at his commission he discovered his mistake as it read until June 17th. It is expected that the commission of Mr. Britton will arrive by that date.

PRESIDENT IS CONFIDENT THAT PEACE IS NEAR.
(Continued from First Page).

hand pending the result of the present tentative negotiations, and that General Linevitch also has been confidentially advised of the situation. Nevertheless the irreconcilable remnants of the war party are believed to be urging the Russian commander-in-chief to assume the offensive in the hope of achieving a victory and thus change the emperor's present disposition in favor of the conclusion of hostilities. If such an intrigue is in progress it has no chance of success. It can be assumed that there will be no further bloodshed in Manchuria, until the belligerents have decided whether it is now possible to agree on peace terms. The government in the present emergency is acting with great wisdom.

It is preparing to time the proclamation of a national assembly with the announcement that peace negotiations have begun. The committee of ministers is hurrying through its examination of the Boulogne receipt commission project for the Goudastvrenna Duma, "imperial duma" scheme already outlined in these dispatches, its consideration having commenced yesterday and continuing to-day. Practically no alterations are being made in the text and the Associated Press learns from a prominent Russian statesman conversant with the situation that the review of the Boulogne commission project is purely formal as a manifesto promulgating a law giving the Russian people a voice in legislation is already drafted. The important of the Associated Press claims to have seen the original and he expects the law to be proclaimed early next week.

SUDDEN DEATH OF MRS. W. S. HOOTON

Mrs. W. S. Hooton, who had many friends and acquaintances in Pensacola, expired at an early hour this morning. Death occurred at her home, No. 512 North Seventh avenue, while she was surrounded by many loving friends and relatives.

Death was unexpected, and comes as a severe shock to her husband and relatives. At noon yesterday she was apparently in the very best of health, but a few hours afterwards was taken ill. Several physicians were summoned, but their united efforts could not save her, and she expired early this morning.

The deceased was formerly Miss Sylvania Hooton of Greensboro, Ala. She married Mr. W. S. Hooton, of this city, about two years since, and has since resided here.

The relatives in Alabama have been notified of her death and are expected to reach here Sunday. As yet the hour of the funeral has not been announced, but it will be made public to-day.

A CORRECTION.

The special sleeper for Confederate Veterans visiting Louisville, will leave here Monday, June 12, instead of Tuesday 13th.

ZEMSTVOS HAVE NOT ADJOURNED

By Associated Press.

St. Petersburg, June 9.—The important fact developed today that the meeting of the Zemstvos and mayors has not finally adjourned, but only temporary adjournment was taken to await the emperor's answer to the deputation dispatched to him with the sensational address demanding the immediate convocation of a National Assembly.

VAP SPRINGER SHOWED VERY POOR MARKSMANSHIP.

Vap Springer, colored, is evidently a very poor marksman, judging from his record last night. Springer and a negro named Laz Williams, engaged in a fight in a saloon on Tarragona street, and when the police whistle was sounded they ran out on Garden street.

When near the Manhattan Hotel Springer decided to try his revolver, and as Williams was running through an alley he fired a shot at him, but it missed its mark.

Springer was arrested by Officer Humphreys.

THE GIRL AND THE BEE.

A Story of the Ignorance of a City Girl.

The city girl coming down to breakfast at the farm house and observing a plate of honey on the table said: "Oh, I see you keep a bee."

That's about the way some people talk about the blight of baldness—just as if a bald head was something one got all at once instead of being the result of long depletion by an insidious germ which thrives upon the roots of the hair and succumbs to only one known remedy Newbro's Herpicide.

Newbro's Herpicide is not a tonic any more than electricity is a fluid. It is an exterminator, pure and simple. "Destroy the cause you remove the effect."
